

NEW JERSEY DOESN'T WANT A PIG HOUSING BAN

Only 17%* of New Jerseyans oppose pig maternity pens. However, vegan extremists at the Humane Society of the United States are pressuring the New Jersey legislature to ban these veterinarian-approved pens.

NEW JERSEY LEGISLATORS:

This housing ban has failed in Vermont, New Hampshire, Massachusetts, New York, and Connecticut. Please don't listen to anti-bacon radicals.

*Polling by ORC International November 6-10, 2014
