

TEN COMMANDMENTS OF HSUS/PETA

I

Thou shalt worship only veganism,
and have no other gods before it.

II

Thou shalt not take the name of your lord
Wayne Pacelle in vain. And if you do, he has
50 lawyers at his disposal.

III

Thou shalt not kill, unless thou art PETA
and put down 2,000 dogs and cats a year.

IV

Thou shalt not covet thy neighbor's
bacon sandwich. (Seriously, don't think
about how good it tastes.)

V

Thou shalt not bear false witness, but
raising money off dogs and cats while stiffing
pet shelters is A-OK.

VI

Thou shalt be self-righteous,
obnoxious, and preachy in shaming
others about eating cheese.

VII

Thou shalt not let the facts get in the way.

VIII

Thou shalt remember that the end
justifies the means.

IX

Thou shalt not ally with convicted dogfighting
kingpins, unless their name is Michael Vick
and his employer gives you \$50,000.

X

Thou shalt seek to cripple medical research.
