

HUMANE OUTRAGE

Michael Vick is America's newest dog owner. And Wayne Pacelle, President of the Humane Society of the U.S., apparently thinks that's fine. He has said:

VICK "WOULD DO A GOOD JOB AS A PET OWNER."

HSUS President Wayne Pacelle with Michael Vick.

REALLY??

Vick recently served time in prison for crimes related to dogfighting. Vick and others hanged, drowned, and electrocuted dogs to death.

What is Pacelle thinking?

Did the \$50,000 he got from Vick's employer influence him?

Animal lovers should be outraged, and HSUS donors should be appalled at where their money is going. Remember that HSUS is **NOT** associated with your local animal shelter.
