

AN HSUS VICE PRESIDENT SPEAKS THE TRUTH

Think the Humane Society of the United States is about assisting pet shelters? It's actually a stealth animal rights group that, like PETA, wants to get rid of eggs, meat, cheese, and milk. Just read the words spoken by a former vice president to an animal rights conference in 2006.

We don't want any of these animals to be raised and killed [for food]...unfortunately we don't have the luxury of waiting until we have the opportunity to get rid of the entire industry.

And so because of that, a number of organizations including the Humane Society of the United States, **we work on promoting veganism...**

Are we saying that cage-free eggs are the way to go? No, that's not what we're saying. But we're saying it's a step in the right direction.
